BREXIT ID PLATFORM

This platform is used to register and publish the changes that become effective by law for Legal Entities and Shipping due to the BREXIT. Registration on this platform is *for UK based companies only*. If you are a non-UK based company, you can use this platform to identify the changes of UK parties you are dealing with.

If you are new to this platform, please go to the [HELP and GUIDELINES](#) for instructions.

BREXIT Participant Overview

In this section you find an overview of the changes that come in effect after the BREXIT for UK based companies. In the overview you will find the names and data of the trading entities and/or shippers - per market - that change due to the BREXIT.
